TO: Homeowners Building Private Driveways

Any homeowner constructing a private driveway on a Town road is responsible for installing the first culvert from the road under the driveway being constructed. If the Town-owned road is damaged in any way during construction, it will be the responsibility of the homeowner to repair and pay for any damage incurred.

If damage is not repaired, a notice to repair will be issued and a fine may assessed beginning fifteen (15) days from the date of the notice. Fines will continue until the homeowner satisfactorily repairs the road.
