

Town of Bremen  
Conservation Commission Video Conference Call  
September 3, 2025 5 pm

BCC Members Present: Ann Nesslage, chair, Susan Davis, Mary Berger,

Associate member present: Eric Duffy

Selectman Liaison Present:

Coastal Rivers Liaison:

Guests: Martha Frink, Hal D'Alby

August 2025 Minutes approved

### **Hay Property**

A. 2<sup>nd</sup> dog waste station placed at top of trail.

B. 1. More signage to be placed to discourage camping/overnight parking

2. Suggestions include having chain across top of road but not locked. This is effective in discouraging night activity.

Clammers could be notified that it's not locked. Neighbors would tend it.

3. game cameras

4. recent overnight cars in field behind benches. Tom Wilson called sheriff multiple times

**Chocolate Sunday** Information table went well. No walks because of heat

**Picnic tables** are in place at Hay and HOC

**Medomak wetland drained and filled in .** This took place at the corner of the Medomak and Town Landing Roads on land abutting the Medomak Road. Apparently no ordinances were broken but it is against DEP rules to destroy protected species. This is of great concern to BCC

BCC discussed creating a document in comprehensive plan format identifying all wetlands in Bremen

**Mowing issues resolved at last !**

Adjourned 6:18 pm

Respectfully submitted  
Susan Davis
